

The Murano Collection

By Giovanni Barbieri

Breathe the new life into Historical Italian Materials such as the Tuscany hand-made Terracotta and Venice/Murano Glass that combined with Natural Stones originate a stunning new generation of decorative slabs.

This collection features a unique dual aesthetic effect : a three-dimensional surface with grazing light of Murano Glass, that remains monochrome if not backlit, creating a harmonious play of curved surface.

The backlighting of the slabs raises the value of color effects and textures attainable only with the hand-made Murano Glass.

INTERIOR DESIGN Best Of Year Award Winner 2015

Standard size panels are 24x24" to 36x108"

Smaller and/or larger sized panels are available by special request

For the Murano Glass, there are 2 options: Stratified (which is possible to cut like a marble slab) or Tempered Glass (for safety/security but not modifiable once produced). Each option has a different price.

There are 13 standard Designs, with multiple color options for Murano Glass, and the marble. No other hand-made terracotta colors are available than what is listed.

-  MURANO GLASS LISTELLO =

for the great final aesthetical result, we suggest to maintain terracotta and marble destination as above in the way to obtain an harmonious mixing of Marble polished and terracotta honed textures.

It is also suggested to do not use double time same colour in the way to see pattern that no one colour is in touch with the next in the same.

Pattern is also available in bigger or smaller proportion or fit to size request.

We normally need to receive drawing and panel size request: we will send back layout proposal , quotation and delivery time.

Any other marble or Murano Glass is available to be used by special request with properly delivery time.

No others handmade terracotta colors are available than the list below.
